

One family. From greenhouse to global market.

PRODUCTS, CAPABILITIES & OUR FAMILY BUSINESS

Zarganic is rooted in our family greenhouse in Yazd. Hossein Zare's hands-on growing experience is joined by Amir Mehdi Zare's focus on brand development and exports. Product quality and the trust of our partners are part of our family's reputation.

Greenhouse production, sourcing through partner growers, grading and packaging to order — for domestic buyers and markets across Russia, Eurasia and the Gulf.

Two generations. One shared responsibility.

THE ZARGANIC FAMILY BUSINESS

Hossein Zare

Founder of the greenhouse

Established the family's greenhouse operation, bringing practical experience in crop cultivation and production management.

Amir Mehdi Zare

Founder of Zarganic & Export Director

Leads brand development, buyer relationships and the coordination of sourcing and export programmes, connecting family production with domestic and international markets.

Selected for your requirements

Size, quality, maturity and packaging are agreed to suit each order and its destination market.

Availability, order volume and delivery timing are confirmed before each order is accepted.

A supply proposal tailored to your order.

CONTACT THE EXPORT DIRECTOR

For an accurate proposal, please share:

- 01 Product and delivery destination
- 02 Order volume and required delivery date
- 03 Size, quality grade and maturity
- 04 Packaging format, weight and labelling

Pricing, supply capacity, final specifications and destination requirements are confirmed individually for each order.
